

**◆ MEMO ◆**

**SWALLOWS' PARADE PARTICIPANTS**

**EQUESTRIAN – ANIMAL WASTE**

---

The city of San Juan Capistrano must follow State and Federal mandated water pollution requirements. In order to assure the continuance of the Swallows' Day Parade, the Fiesta Association would appreciate your cooperation and assistance with the cleanup of animal waste in the staging area. Dumpsters and other receptacles will be provided for this purpose.

We would also ask that horses be kept on the streets and off the sidewalks. Your cooperation will be greatly appreciated.

Thank you for our assistance in making this a better parade for everyone. We hope you will enjoy your Parade experience!
